

## Cuoppi

“Cuoppo” is a cone-shaped paper that holds a mixture of delicacies, (potato croquettes, vegetables, courgette flowers, mozzarella bocconcini, and fluffy balls of dough - zeppoline) all cut and fried in a light and easily digestible batter.

# Pizze

Great pizza is simple: good ingredients on good dough.

We focus on the dough and we top it with the finest ingredients from our country to give you an authentic Neapolitan pizza. Our dough contains the right amount of yeast and is slowly fermented which makes it really easy to digest.

Our pizza cooks in less than 90 seconds but starts life at least 24 hours before. Time is the secret ingredient.
